

Margaropoulos & Associates
Scientia Legis Law Firm

Dear Guest Speakers,

Thank you for the privilege and the honour of your active participation in the Interlegal Spring 2019 Conference in Thessaloniki.

Interlegal is one of the longest established and most experienced global networks of law firms, and it counts 47 members, covering for 45 countries.

It was the first time an Interlegal meeting was held in Greece and we are proud that it was organized in Thessaloniki!

The delegates and their companions had the chance to get acquainted with our city's history but also with its culinary traditions, its music, dances and its nightlife.

But the highlight of the meeting was the Conference in which you participated as guest speakers. Your welcome addresses and your presentations of exceptional standard made this Conference a success and we would like to warmly thank you and congratulate you for your contribution.

Attached you will find copy of the program and of the presentations, as well as photos from the event.

We sincerely hope you enjoyed the experience and we look forward to collaborating with you again.

Best regards,

Nikolaos K. Margaropoulos
Managing Partner
Scientia Legis Law Firm
