PRESS RELEASE

President Eken confirms the *World Federation of Consuls* - FICAC- fully supports the *World Health Organization* -WHO-

The WHO plays a major role in coordinating the international response to the pandemic.

More than ever, it is important to remain united behind the WHO, which is working with the best science-based approach, using the recommendations of the most competent doctors, researchers and scientists to prevent the further spread of the COVID-19.

FICAC urges all honorary consuls worldwide to continue the wonderful assistance they are showing towards their fellow citizens and to remain involved in all actions helping WHO to struggle against this virus which knows no borders.

THE WORLD FEDERATION OF CONSULS
TOGETHER, WE ARE STRONGER
